### Stratton Signs Bill To Increase Unemployment Compensation

SPRINGFIELD, Ill. (AP)—Boosts in unemployment compensation and a major property tax revision which places assessments on a township multiplier level were signed into law Thursday by Gov. Stratton.

In addition, the governor approved a "freedom of information" bill requiring open meetings by public agencies, legislation setting up centralized state purchasing and a "conflict of interest" bill on state contracts.

The agreed labor-management plan on jobless benefits increases the maximum weekly amount from \$28 to \$30 for persons with no dependents.

**Other increases are from \$31 to \$33 for a person with a dependent nonworking spouse, from \$31 to \$36 for a person with one dependent child, \$34 to \$38 for two dependent children, \$37 to \$42 for three dependent children, and from \$40 to \$45 for four or more dependent children.**

#### Equalizer Bill

The township equalizer bill was advocated by Stratton and the Illinois School Problems Commission, which contended the old system permits school districts with low assessment ratios to receive more than their fair share of state school aid.

Under the new law, county boards of review will equalize assessments on a township basis, replacing the system by which the counties received a multiplier from the State Revenue Department to raise assessments to a fair cash value.

One provision will allow the State Revenue Department to step in if it believes the county boards do an inadequate job on the multiplier.

Another section limits any tax increase or decrease resulting from the assessment change to 25 per cent each year during the next four years.

Also receiving Stratton's signature was a bill requiring counties to keep up-to-date maps and records of property.

**Freedom Of Information**

The "freedom of information" bill, sponsored by Rep. Paul Simon (D-Troy), a weekly newspaper publisher, declares it is public policy that commissions, boards, councils and other public bodies supported by tax funds "exist to aid in the conduct of the people's business."

Agencies exempt from the open meeting requirement are the Illinois Commerce Commission, Parole and Pardon Board, juries and meetings where acquisition of real estate is involved. Closed sessions also would be allowed any agency when no official business was

### Aga Khan, Moslem Spiritual Leader, Dies

GENEVA (AP)—Aga Khan, Moslem religious leader who lived like a king of old, died Thursday at his lakeside villa in suburban Versoix. He was 79.

His heart began to fail six years ago. Thursday it gave out.

Sorrowing Moslems of all sects prayed for the soul of the spiritual head of 20 million Ismaili Moslems—the man who had weighed himself in gold, diamonds and platinum.

Prince Aly Khan, 46, former husband of actress Rita Hayworth, seemed destined to succeed his father as the Ismaili leader. But his half-brother, Saruddin, 24, might ascend to the Gadi—the seat of office—as their father did in Bombay at the age of 8.

There have been reports the Aga Khan was upset over Aly's reputation as a playboy. In his 1954 autobiography the Aga Khan deplored the "clamorous publicity" attending Aly and Rita's romance and the "fantastic, semiroyal, semi-Hollywood" wedding which was its climax.

At the deathbed were the beautiful Begum, the Aga Khan's fourth wife; and Aly and Saruddin.

TOKYO (Friday) (UPI)—District Judge Juzo Kawachi announced Friday he will open the trial of U.S. Army Specialist William Girard at 10 a.m. Aug. 26-7 p.m. CST, Aug. 25—at Maebashi.

He said he will give Girard a wind and fast trial on charges of inflicting bodily injury that killed a Japanese woman scrap gatherer on a firing range Jan. 30.

There is no jury trial in Japan. Kawachi was roused from sleep before dawn for comment on the U.S. Supreme Court decision to permit Japan to try the 21-year-old Illinois soldier. He said he was not surprised at the court's decision.

Court attaches said Kawachi and Itsuro Hayashi, Girard's Japanese defense lawyer, fixed trial sessions for Sept. 6, 7, 13, 14 and Oct. 4.

They said Kawachi wants to wind up the trial in October. A trial usually takes six months in Japanese court proceedings.

Court officials said that because Girard has never withdrawn the statement he filed with the court, naming Hayashi as his defense attorney, the court considers that Hayashi remains as Girard's attorney.

Girard was awakened by Maj. Stanley Levin, his Army legal adviser, to hear the news of the Washington decision. Girard said only that he was "not surprised." His Japanese bride, Haru (Candy) Girard, was not available for comment.

**U.S. GAMBLING TAXES OPEN STATE DROP**

CHICAGO (UPI)—Federal gambling taxes of \$62,363 were collected from 26 northern Illinois counties last month—a drop of \$15,115 from June of 1956.

The collection brought the total of gambling tax receipts for the 1957 fiscal year ending June 30 as \$836,639, according to an announcement Thursday by H. Alan Long, director of the Internal Revenue. In the 1956 fiscal year \$768,009 in taxes were collected. Long said the largest amount ever taken was \$1,666,589 in 1953.

**No Danger From Nike Bases In St. Louis Area**

EDWARDSVILLE, Ill. (UPI)—People living near four Nike antiaircraft missile bases to be established around the St. Louis metropolitan area need not be concerned about danger from the missiles, an Air Defense Command spokesman said Thursday.

Col. James H. Farren of Richards-Gebau AFB, Mo., executive officer of the command's fourth region, said "these things are as safe as a gas station."

"The only time they will be fired is at an enemy plane," Farren told some 100 persons attending a public meeting in Edwardsville Thursday. It was the second of a series of four such meetings. The third meeting was at Grafton, Ill., Thursday night.

The Nike launching sites for the air defense of St. Louis will be constructed in the vicinity of House Springs, Mo., Edwardsville, Red Bud and Grafton, Ill., the command disclosed. Precise sites selected were not disclosed.

The installations, to be in operation late next year, will accommodate either the Nike Ajax or the more formidable Nike Hercules which can be fitted with an atomic warhead.

**PRESIDENT PLANS SUMMER VACATION**—President and Mrs. Eisenhower plan to spend a summer vacation at the Newport, R. I., Naval Base, according to a White House report. Press Secretary James C. Hagerty said the plan was contingent on "if and when the President can get away." The Presidential couple plans to occupy the home of the Base's Commandant, Rear Admiral Henry Crommelin.

### Khrushchev Calls Ike's Report On 'Clean' Hydrogen Bomb 'Stupid'

PRAGUE, Czechoslovakia (AP)—Soviet Communist Party First Secretary Nikita Khrushchev said Thursday President Eisenhower's report on the possibility of a "clean" hydrogen bomb is "stupid."

In a speech in this Communist capital, the victor in the latest Kremlin shakeup declared: "President Eisenhower is a talented man of great principles. But look at what a stupid thing he says when he says there is a clean hydrogen bomb. How can you have a clean bomb to do a dirty thing? It means the destruction of women and children. What a contradiction! They call it

things clean."

The White House issued a statement saying: "It is rather amazing that Mr. Khrushchev and his administration, no less than the aim of eliminating the possibility of war itself. Such efforts to which the United States is dedicated are and will be con-

### U.S. Yields Parts Of 'Raw' FBI Files In Clinton Trial

KNOXVILLE, Tenn. (AP)—The government yielded segments of its secret FBI "raw" files in the four-day-old Clinton segregation trial Thursday. But it fought tenaciously to save every possible scrap from hard-probing defense lawyers.

Under a ruling by U.S. Dist. Judge Robert L. Taylor, U.S. Dist. Atty. John C. Crawford Jr. ceremoniously handed over to the defense a transcription of a witness statement to the FBI.

After studying the document overnight, Taylor ruled that the statement—made by Robert G. Crossno, chairman of the Anderson County (Clinton) School Board—was pertinent to the trial of 16 defendants on criminal contempt charges in U.S. District Court here Saturday.

Democratic Leader Johnson of Texas, who engineered the agreement, said he hoped the senators could get together later on a definite time to vote on a motion to bring the controversial legislation to the floor.

As such, the judge said, the defense was entitled to know what Crossno, as a witness here, had told the FBI during its investigation of mob violence which erupted in the little town of Clinton, 20 miles northwest of Knoxville, last fall.

The Senate has been debating the motion in overtime sessions since Monday.

Johnson said he favored a vote next Wednesday. Others sought a vote Monday and some wanted one Thursday.

The fact that "some 18 or 20 senators" still want to make speeches on the motion, the Democratic leader said, made it impossible to fix a voting time now. The time must be fixed by unanimous agreement.

Johnson said that after Thursday night's session the Senate would meet at 9:30 a.m. Friday and Saturday.

With heavy sarcasm, the tall, booming-voiced Crawford an-

But Crawford fought to keep back every possible bit of information a little later when chief defense counsel Robert L. Dobbs, Memphis, demanded a similar FBI transcript of an oral statement by another witness, J. M.

### Focus Of Red Power

Experts on Russia will be arguing for weeks and months the full meaning of the Kremlin's ouster of four top Red officials, V. M. Molotov, Georgi Malenkov, Lazar Kaganovich and Dmitri Shepilov. But from the outset one thing seemed reasonably clear.

Whatever the announced causes of the move, whatever the obvious evidence of policy differences among the ruling Soviet clique, the vital fact is that someone in the Soviet Union now has sufficiently dominant power to order and enforce such a sweeping dismissal.

Some will say right off that it is Communist Party Boss Nikita Khrushchev. Others will give very special weight to war hero Marshal Zhukov's appearance as a full member of the reigning Presidium—successor to the Politburo—and say it is a Khrushchev-Zhukov team operation or that the Red army in fact rules the nation through Khrushchev.

Only time and major actions of the future will tell. But beyond all doubt it was a real flexing of the power muscle which ousted such established Kremlin figures as Molotov and Kaganovich. Molotov particularly, by virtue of his vast knowledge and skill in affairs, had been viewed by outsiders as nearly indispensable to any Soviet regime.

Officially, the Kremlin says one big reason for the ouster was that these men were warmongers who were against relaxing international tensions and improving Russia's relations with the rest of the world.

We of course do not have to buy this line. Khrushchev, Bulganin and others still in the ruling pyramid have either supported or directed such actions as the political assault on Tito,

the Red invasion of South Korea, the smashing of Hungary's revolt and the threat of similar force against Poland last fall.

But, as observers in Washington have noted, it may be a slight cause for encouragement that men like Khrushchev who have at least given lip service to peace and disarmament will now have a freer hand in charting the Russian course.

Thus if there are any genuine peace desires emerging in Kremlin councils, they will perhaps have a better chance of evolving into concrete proposals without the retarding influence of such rigid Stalinists as Molotov.

Certain experts believe the "warmonger" talk from the Kremlin is all smokescreen, that in truth the basic cause of this shakeup was differences over how to cope with mounting discontent and inadequate production responses among the Russian people.

Decisions already taken for great decentralization of the Soviet bureaucracy were intended to spur new production spirit and assuage discontent. The ousted men may have been resisting these changes so foreign to the Stalinist pattern.

Any domestic changes reflect themselves in Russia's capacity to influence the world power balance, and therefore are of keen interest to us. Similarly, we will watch sharply to see if any genuine peace and disarmament moves emerge from Moscow now that the "warmongers" are in theory shoved aside.

But while we wait to see the policy effects of this action, we can hold fairly certain only of our original conclusion: There has been a real consolidation of power in the Kremlin into fewer hands.

that he have both his ears nailed to the pillory and severed from his head...that he receive at the public whipping post 39 lashes well laid on...and be branded on the right cheek with the letter 'H' and on the left cheek with the letter 'T'..."

This may seem like unduly rough punishment. But it had its results. Even today you'll find very few horse thieves in Tennessee, the state "Chucky Jack" did so much to found.

A camera is a peculiar gadget

This summer thousands of people will carry these picture-making machines all over the world. Millions of pictures will be snapped. Some will be too light. Others will be too dark. Still others will have fuzzy outlines of indistinct objects.

The vast majority of the snapshots taken will capture scenes and actions from the present, and will preserve memories for the future. As we view these pictures we shall observe details which we missed when we looked at the scene itself. We shall not believe that some of the pictures are accurate in their images. Yet we know that the camera records exactly what appears before it.

Poor pictures result from human error. The pictures of you and me which God views are accurate. He does not see us as distorted souls unless we are that way. We must adjust our lives to God's will so that the pictures which are made of us reflect God's presence instead of human error.

#### International Atomic Agency May Spark Off by October

WASHINGTON —(NEA)—The new International Atomic Energy Agency hopes to open its first general conference in Vienna, Oct. 1.

Eleven of the 80 nations which signed its statute nearly a year ago have now ratified it, in this order: Guatemala, Switzerland, Russia, Byelorussia, Romania, Pakistan, Austria, Afghanistan, South Africa, U.S.A. and Sweden.

The United States is the depositary nation to receive all ratifications.

There will probably be some ceremony when President Eisenhower signs the Senate ratification, for this is a principal part of the President's atoms-for-peace plan, presented to the United Nations in 1953.

Eighteen nations must ratify—including three of the five principal atomic energy producers—before the IAEA statute goes into force.

A joint ceremony when the first 18 deposit their ratifications with the U.S. is being considered.

Sixty days after that the agency is in business. This means that countries attending the first conference will have to ratify by Aug. 1 to open the first conference Oct. 1.

THERE ARE several other hurdles to clear. Most important from the American point of view will be congressional approval of an IAEA Participation Act. This will authorize the President to appoint an American representative and deputy representative to the international agency and to enjoy its operating expenses.

HEARINGS on this legislation opened July 2 before a Joint Atomic Energy subcommittee under Sen. John O. Pastore (D-R.I.).

There will be some effort to load this act with amendments which will limit American participation. This move is expected to fail since crippling reservations to ratification were defeated.

An IAEA Preparatory Commission has been meeting in New York for nearly a year, planning the first Vienna conference.

A budget of seven million dollars has been proposed for the first year's operations. The U.S. share will be about a third, in line with other contributions to U.N. organizations.

It's Action, Not Talk, That Misbehaving Tommy's After

BY MRS. MURIEL LAWRENCE

Bobby's mother grew up with adults who got very reproachful or angry if she didn't do what they wanted. To keep them in good temper, she learned to give them compliance until compliance became her only solution to conflicts with other people.

Naturally, after Bobby was born she was attracted by the permissive theory of child training. By making a virtue of letting Bobby do as he pleased, it fitted in perfectly with her fear of offending.

One day she and Bobby were crossing a traffic-crowded street. She tried to take his hand. As he jerked it away, he caught the flash of intense irritation on her face. The next moment he'd flung himself full-length in the middle of the street.

Frightened parents often ask children why they misbehave to postpone dealing with the misbehavior. So Bobby's mother said, "Why do you want to lie down in the street like that, darling?"

Definitely, Bobby said, "Because I want to see how it feels to get run over and killed."

What he meant was, "Because I want to see if you'll carry your fault to the point of letting me get run over and killed."

At five, Bobby often does this kind of thing. Like other children whose parents fear to restrict them, he's always placing himself in precarious positions in the hope of forcing action from his mother in place of talk.

They are not wicked children. They're just trying to stretch their parents' old fear of displeasing people to the breaking point.

The problem is their parents' own hatred of control.

In Bobby's mother's childhood, control was so mixed up with hurt, despair and misjudgment that she naturally resented it. She still does. She withdraws any control of Bobby lest he feel the same intense dislike of her she felt and still feels for anyone who tells her what to do.

It's unreasonable to hate all control because our first experience of it was mixed up with hurt and injustice. All such unreasonableness produces for us a confused and confusing child.

### The World Today

By JAMES MARLOW  
WASHINGTON (AP)—In the 20th century the Democratic and Republican parties — no matter what their campaign promises — have never passed a civil rights bill through Congress.

Republicans are trying it now in face of a Senate filibuster by Southern Democrats. If they win, some political careers may be affected. And Republican hopes for future election victories — based on expectation of a grateful Northern Negro vote — go up.

President Roosevelt, Truman and Eisenhower have helped eliminate racial discrimination — by executive order. But Democrats' promises of action on a civil rights bill through Congress have been a political joke.

They couldn't, as a party, make good. Southern Democrats were always there to block the way to team up to do it. It never happened.

Before discussing the subject in general, I should say that it is probably not good for most children to go several days without normal bowel emptying. However, establishments of a laxative habit is also undesirable. So if this happens often, medical help is indicated.

A healthy baby usually begins to establish bowel control between one and two years old. When the baby is nine or 10 months old it can be placed for short periods on the "poty." This should be done at first with the child lying down.

The outnumbered Republicans can't do it now unless enough of them, plus enough Northerners and Western Democrats, join forces. That remains to be seen. Despite present excitement, passage of a civil rights bill now is far from a political joke.

There is political irony in the present situation. In Congress, where they are the minority party, the Republicans are leading the way. Sen. Knowland of California, Senate Republican leader, is captain on the civil rights side.

He can get only political good out of this, win or lose. He is leaving the Senate next year and may seek the Republican presidential nomination in 1960. He can expect Northern Negroes, if he should get the nomination, to remember him as a man who fought for civil rights.

On the other hand the Senate's Democratic leader, Lyndon Johnson of Texas, is on a hot spot.

He's a Southerner. But he's a man who also may have presidential ambitions in 1960.

small babies the process of emptying the bladder is automatic. As soon as the bladder is stretched to a certain point, the nerves carry the message to the spinal cord and the bladder is automatically emptied.

RATHER gradually the sensation of a full bladder begins to be carried up to the brain itself. When this develops, it is possible for the child to control urination. Until the message is received in the brain, however, it is useless to expect a baby to have control over his bladder functions.

Bladder control comes slowly. Parents should not be concerned if their hopeful does not develop complete control as soon as some other child.

SOMETIMES a child wets during the day or night at three or four years old, or even beyond. Usually, this is a sign of either rebellion on the part of the child or a feeling of insecurity.

Sometimes such children have had the importance of keeping dry overemphasized. They take delight in frustrating their parents. When this is the reason, the parents ought to pay less attention to the whole thing and to show no signs of annoyance when "enuresis," as it is called, occurs. This is often enough to solve the problem.

## Franklin WSCS Has Breakfast Meeting July 10

FRANKLIN—The WSCS of the Methodist church met Wednesday morning at 7:30 standard time for breakfast. The hostesses were Mrs. Blanche Jewsbury, Mrs. Madge Hayes and Mrs. Nellie Gould. After breakfast a business meeting was held and the program was in charge of Mrs. George Garris, Rev. Garris had the devotion period before breakfast. About 20 ladies enjoyed the breakfast.

The next meeting will be Sept. 11. The federal court clerk in Birmingham was frankly puzzled.

Here was a citizenship application for a child born in 1948 in El Paso, Tex. But the record showed his parents didn't arrive in the United States until 1949.

The story goes back four years earlier, to the town of Peenemuende, Germany, on the Baltic Sea. There top German scientists had built the V2 rockets which bombarded London. In those last tormented days of Hitler's Third Reich they were working on an antiaircraft missile to destroy the closely packed formations of American bombers which were shattering German war plants and morale.

Russians and the Western Allies were sweeping through the country in 1945 and the scientists had a choice. They could stay at Peenemuende and be captured by the Russians. Or they could head West and be free.

Of the group, 130 came West. And today, inside one of the great laboratory-machine shop here, lies the great Jupiter-C, the latest lineal descendant of the German V2.

The whole story of the 130 and their families who came to this 40,000-acre arsenal, 14 miles from Huntsville, has never been told—and may never be.

But there are hints now and then of a race to pluck a few from the Soviet advance, of American officers herding their prizes westward while others remained behind to blow up bridges and roads.

The 130 reached the United States—some by plane, some by boat—under one-year contract with the United States. They ac-

## Those Germans Who Built V2 Rockets Now Build U.S. Missiles Including Jupiter-C, Possible Satellite Launcher

REDSTONE ARSENAL, Ala. (UPI)—The federal court clerk in Birmingham was frankly puzzled.

Here was a citizenship application for a child born in 1948 in El Paso, Tex. But the record showed his parents didn't arrive in the United States until 1949.

He is Dr. Werner von Braun,

who became technical director of the operation at Peenemuende

and at Redstone.

He is the gray and gentle Dr.

Ernst Stuhlinger, one of the atomic

physicists who came to Peenemuende after fighting for a year

and a half as a German army

private before Stalingrad. He had

been deferred, but somebody

goofed and his deferment was a

long time catching up with him.

Here also is the brilliant propellant

expert, Dr. Martin Schilling.

So is Wilhelm Angele, who developed

the gyroscopes for guiding

the V2.

The grand old man of Redstone

is Dr. Herman Oberth, a native

of Hermannstadt, Transylvania.

Oberth, whose son Adolph is a

chemist in Parlin, N.J., is one of

the great pioneers in rocketry. He

is soon to give up his job as a

consultant and retire to Germany

About 15,000 people work here,

and in one way or another they

are here mostly to support the

research and development work of

the former German scientists and

technicians.

In their social activities they

tend to stick pretty well to themselves, a fact which in some measure is attributable to security requirements.

Even so, they have made major contributions to life in Huntsville.

The former Germans have helped organize a symphony orchestra and are among its chief supporters.

In addition to all this, the former Germans were responsible for the new St. Mark's Lutheran Church—the first for Lutherans in Huntsville since it was founded in 1809.

By and large their English

while slightly accented, in flawless

and their command of American

slang and profanity is profound.

They picked it up from the GIs who guarded them for so long.

In 1950, they began moving to

Huntsville and Redstone, where

there was room for expansion, the

building of huge stationary test

towers and the construction of laboratories.

In their private lives, two

phases remain distinctly German.

The wives are inclined to be far more deferential to their husbands than their native-born counterparts, and the children are generally better behaved than their contemporaries—both apparently products of ingrained Teuton discipline.

On June 12 a monster missile,

an Atlas although the Air Force

has not officially identified it as

such, was launched at Cape Canaveral, Fla. After climbing two miles, the missile exploded.

Upon perfection the Atlas is sup-

posed to be able to travel 5,000

miles in 20 minutes.

All this is highly irritating to

the German scientists here for

they have the Jupiter.

A Jupiter was fired from Cape

Canaveral earlier last month,

ranging 1,650 miles over the Atlantic

in 17½ minutes.

There are reports that last Sep-

tember the Jupiter flew some 3,000

miles—as far as across the United

States, or across the Atlantic—at

a speed averaging 5,500 miles an hour.

Inside his large but austere office

at the closely guarded Army

ballistic missile agency, Von

Braun was asked in an interview

whether he thought his "team"

would be content to limit itself to

a 200-mile missile since it had

been making those 15 years ago.

"I put it this way," he said.

"It takes years to build up a team,

one piece of paper to blow it up."

Suppose the team were broken

up and assigned elsewhere? He

replied: "I think it would be a

great loss for the technical status

of the United States in the bal-

listic missile race. I think it would

be a very, very grave mistake."

"When it comes to ballistic mis-

siles, there is no other team which

has carried the idea forward from

its earliest concepts to the pres-

ent. It is not that we are geniuses,

it is just that we have been work-

ing on it so long."

"We have already made more

mistakes than the other people have.

Sometimes it is a bit frustrat-

ing to see mistakes made that we

made years ago made all over again."

Von Braun raked his hair back

from his forehead.

"Suppose you have an aircraft

company which has developed a

red-hot plane and all of a sudden

someone says to you to discon-

tinue it and develop a crop dus-

ter."

"Now there is no question that

you can develop a crop duster,

but whether you can keep your

supersonic plane developers is

doubtful. You might build a crop

duster for bread-and-butter pro-

poses, but if the supersonic plane

is cut out entirely that is a dif-

ferent story."

"That is very much the situa-

tion we are in. We don't mind

this 200-mile business so long as

we can keep a finger in the big

pie."

## Greene County Fair To Open Monday, July 15

CARROLLTON — The Greene County Agricultural Fair will open its gates for the 102nd Fair Monday, July 15, and in preparation for the same the members of the board of directors of the fair met Monday evening in a final planning session at the fair grounds.

President R. D. Lemons received a report from each of the working committees relative to the work which they are doing in the promotion of the Fair and apparently all things are in readiness for the Fair which will run from July 15 to July 19. Entries in the various departments are already being received and approximately 50 race and show horses are already stabled on the grounds.

The program this year will feature four days of harness racing beginning Tuesday and continuing through Friday afternoon. Three races are scheduled for Tuesday, the two year old pace trophy with a purse of \$1,000; a 20 class place, overnight and a 20 class trot each with a \$450 purse. Wednesday

will be the two year old trot trophy \$1,000 and a three year old pace trophy with also \$1,000 and the 26 class place, overnight with a purse of \$450. Thursday, the big day for racing, all three races are trophy ones with a purse of \$1,000 and they are the 24 class pace, the 24 class trot and the 3 year old trot. The purse in all the races Friday is \$450 and all are overnight races including the 15 class pace, the 15 class trot and the 26 class trot.

The Society Horse Show will be revived on Tuesday and Wednesday nights and will feature eight classes: the Roadster, the

Sunglasses Give  
Gals Flirty Eye  
Protection

By ALICIA HART  
NEA Beauty Editor

Dark glasses are an absolute must for summertime wear. Yet, the next time you go to the beach, note the number of girls who have not given their eyes this essential protection from the sun.

Like suntan lotion, dark glasses belong in your beach bag. Buy them as you would any other accessory and make a habit of wearing them whenever you're out in the sun. And use a soothing eye lotion when you get home at night.

Reports of the state convention of the V.F.W. and Auxiliary held in Chicago on June 14-16 were heard at a recent meeting of the local V.F.W. Auxiliary held at the V.F.W. home. Delegates who attended the convention for three days and gave a report on the events were Marge Hull, Adeline Warmoth, Elsie Bieber and Mabel Markwood. All four are officers in the local auxiliary and Adeline Warmoth is department hospital chairman with Marge Hull being her co-chairman. Both were guests at a department hospital breakfast given on Saturday, June 15 in Chicago and represented the local auxiliary in the parade on Saturday afternoon, June 15.

It was voted at the last meeting to hold only one meeting in July and August and it will be a business meeting held on the second Wednesday of the month.

Central county councils will be held at Gillespie on July 14. Officers from this auxiliary who will attend and hold office in the council are Adeline Warmoth, county council chaplain; Eleanor Hayes, county council conductress; and Marge Hull, county council banner bearer.

At the close of the last meeting refreshments were served by Euphie Ryan and Hilda Becker, with games being played during the social hour.

Mother Seeks  
Return Of Son  
Who Was Adopted

PEORIA, Ill. (AP) — A court fight centered today on a blue-eyed 4-month-old boy. His mother, who gave him up for adoption shortly after he was born in a home for unwed mothers on March 2, now seeks to regain custody.

With tears streaming down her cheeks, Mrs. Nick Giacopelli, 44, of St. Louis, pleaded with Circuit Court Judge Henry J. Ingram Wednesday for return of her son who was legally adopted early in March by Mr. and Mrs. Anthony Legaz, of Peoria Heights.

Mrs. Giacopelli, who has two grown children by a previous marriage, told Judge Ingram she entered the Florence Crittenton Home in Peoria to have the child while "violently upset mentally."

She said she had no recollection of signing adoption papers for her newborn son. She did not learn, she said, until several days after delivery that the baby was taken from her.

The Legazes seek to retain custody of the boy.

**Expect Nike  
Installations  
In Use By '58**

HOUSE SPRINGS, Mo. (UPI) — Nike antiaircraft installations of the Army Air Defense Command are expected to be in operation by late 1958 in the vicinity of House Springs and Red Bud, Edwardsville and Grafton, Ill.

This was announced Wednesday night by Col. James H. Farren of Kansas City, executive officer of the command's fourth region, at a public meeting here of about 100 persons to discuss problems connected with installation of the facilities.

Similar meetings will be held today at 3 p.m. in Edwardsville and at 7:30 p.m. in Grafton and Friday at 1:30 p.m. in Red Bud. Col. Farren said the Air Defense Command has selected the four tactical sites as "a balanced defense" of the St. Louis area and now it's up to the Army Corps of Engineers to make the final decision.

He said the engineers will move into the area "probably the first of the week" to begin their studies.

One battalion with one battery of 12 guided missile launchers will be stationed initially at each of the four sites and there will be 104 men stationed at each site. Installations will be built to accommodate both the Nike Ajax, the conventional type, and the Nike Hercules, which Col. Farren said can carry an atomic warhead and has "about twice the capabilities" of the Ajax "in every department."

11th Pike County Horse Show Will Conclude Sunday

PITTSFIELD — The 11th annual Pike County Horse show will end Sunday evening at the show grounds adjacent to the new high school in Pittsfield.

The event is sponsored by the Knights of Columbus No. 2967 and the Boot & Saddle club.

There will be an all-western show Friday evening, beginning at 7 p.m. Sunday afternoon's show will feature a grand parade, flag race, handy horse, barrel race, boot scramble, musical chair and other equestrian specialties and the night show will consist of nine society horse classes.

The judge is Ralph J. Peak of Winchester. Otto Hoerlein of Griggsville is the ringmaster and W. L. McGuire of Beardstown is the announcer.

## Harry Grayson's SCOREBOARD

By HARRY GRAYSON

NEA Sports Editor

NEW YORK (NEA)—The consensus of tennis people is that the \$125,000 guaranteed, Lew Hoad will do little more than supply new plasma to professional tournaments and tours.

They can't see the Wimbledon champion's defection to the pros after the Davis Cup situation, which means another romp for the Australians in the Challenge Round late next December. And they don't expect him to do much winning as a pro.

"Let's say that the better playing pros will stretch Hoad," says Frank Sedgman, fellow Australian, speaking for the entire group. Sedgman was the big amateur for two years before joining the money ranks in January of 1953.

"Ken Rosewall beat Hoad three or four times before coming over with us last January," he points out. "Pancho Segura beat Rosewall on the tour when Pancho Gonzales didn't. Segura is fresh from beating Rosewall quite easily in South America."

Hoad has a good attack, but his defensive game does not match that of Gonzales. Gonzales' big serve is much more consistent. His ground game is vastly superior. He'll beat Hoad with backhand and forehand passing shots and his net rushing game.

"Hoad is too erratic to stick out as a pro. Lew hits a wonderful tempo at times, such as when he lost only five games to Ashley Cooper in the All-England final. The trouble is that he will turn right around and lose to a player he should beat left-handed."

Another fault is Hoad's temperament. As an amateur, he sometimes threw away games when things were going against him. Then there is the question of durability. He suffered from back and elbow trouble as recently as last January.

Hoad gets a definite break in starting against the money players on the grass center court at Forest Hills in the Round Robin, ending July 21, and in a similar tournament in Los Angeles, July 27-Aug. 4. There will be further preparation in European, Far Eastern and South African tours starting Aug. 27.

That should make Hoad as fit as he ever will be for Gonzales on the strange canvas that will cover courts once the major tour leaves Australia, where it will open in January.

Despite the fact that the two top Australians of last winter are now shooting for money, none of the pros can see America regaining the Davis Cup.

Australia retains Ashley Cooper, Neal Fraser, Malcolm Anderson, Roy Emerson and Mervyn Rose.

"And there are a couple of corking young fellows behind them," stresses Sedgman.

The hitherto seemingly inexhaustible supply of American youngsters has been choked off.

The cry has been that more should be done to encourage the boy player in this country.

Ted Schroeder, who won the men's singles in 1942 and played so well so long, looks at it the other way around.

"I got no help when I first came along," recollects Schroeder, who is in New York helping Jack Kramer promote the Round Robin. "Neither did Kramer or anyone else. All we wanted was a trip and a chance to play. Now kids are given everything and taken everywhere. They lack incentive."

Pancho Gonzales is the greatest example of all. Who ever gave him anything? Pancho made his own way, had to win to get anywhere.

"And Big Pancho hasn't changed a bit. Today, as the greatest player in the business, he is just as good as his bank account."

## Thomas' Blow Decisive Run As Giants Nudge First Place Cards, 1-0

NEW YORK (AP)—Valmy Thomas hit a Homer for the only run of the game and Johnny Antonelli pitched five-hit ball Thursday as the New York Giants defeated the Cardinals 1-0.

Antonelli's performance was matched by Lindy McDaniel, the 21-year-old elder of the sensational McDaniel brothers. Lindy allowed only three hits in seven innings, but one of them was Thomas' decisive blow in the sixth. Hoyt Wilhelm went to the mound for the Cardinals in the eighth.

Stan Musial led off the ninth for the Cardinals with a single over second base. Del Ennis then popped out but Ken Boyer singled Musial to second. Bobby Smith filed out and Hal Smith grounded to Antonelli to end the game.

## Downstate Prep Notes

By JOHN CAMPBELL

Mark Dean has been hired to aid the football coaching staff at Northern Illinois University at DeKalb. He graduated there in 1938 and was an all-around athlete, he later was named Indiana's collegiate coach of the year in 1952. He was head coach of all sports at Roodhouse High in 1942-43 and at Jacksonville High in 1943-44. The Roodhouse football team went untied and unbeaten while his fine 1944 Jacksonville basketball five lost to Taylorville's State champs in the finals of the Sectional tourney. Coach Dean lettered all four years with the Northern Illinois University Huskies in football and was a member of the basketball, baseball and track teams. His Indiana State Teachers football team lost only one game during the 1952 season.

Ernie Hoff is leaving Ashland High and his team of 1956-57 goes down as one of the best in the history of the Cass County prep school. His team won 28 and lost only two games during the past season and during his three years at Ashland his basketball teams have won 74 and lost only seven. Ashland lost to Havana in the Regional tourney at Havana to end one of the best small high school marks in the state. Another small Cass County high school, Arenzville in 1947-48, under the late Jack Escorcia, had a great season record only to lose out to Waverly in the Virginia Regional meet. Stan Lovekamp was the leader of that fine team that won 29 consecutive games being helped by Don Wester, fine center. In his first two years of coaching at Arenzville High Escorcia's teams won 61 and lost only three games.

Don Field, 6-4 Junior forward, Denny Bast, 6-2 Senior forward and Jack Lynn, 6-4 Senior center were the three members of that fine team that led Ashland to the titles in both the Astoria and Ashland tourneys. Lynn scored 51 points against Routt High in a single game for the school record and he scored over 30 points in eight different games during the last two seasons.

In the top of the 10th Frank Malzone walked and Billy Consolo sacrificed. Stealer kicked the ball in trying to pick it up, allowing Consolo to reach first, then threw low for a second error as Malzone scooted to third. Duke Maas replaced Stealer and re-took one man but pinch hitter Gene Stephens singled past the drawn-in infield for one run and Jimmy Piersall lifted a long sacrifice fly that scored another.

The Tigers put two men on base in the last of the 10th but stranded them. Altogether the Tigers stranded 14 men, 11 of them in the first six innnings.

Wilt (The Stilt) Chamberlain of the University of Kansas basketball All-American has denied that he is leaving school in favor of the professional ranks. The seven foot star played at Overbrook High in Philadelphia two years ago and in 1960 he would be eligible to join the Philadelphia Warriors of the National Basketball League under NBA rules. Reports from prominent alumni have it that Chamberlain will join the Harlem Globetrotters next year.

Ed Green has been named head football coach at West Frankfort High after Tom Millikin resigned to take a job at Southern Illinois U. Green is a former star athlete at Kewanee High school. Lope Rios is leaving Dallas City High to take the basketball coaching job at Orion High school. He starred in basketball at DePue High and Western State College at Macomb. Neal Hudson has resigned as basketball coach at Tuscola High to take a basketball coaching job at Sycamore High school. Francis McQuade has replaced Paul Mandl as head basketball coach at Marquette High (Ottawa) and Bill Jenkins has resigned as basketball coach at Manlius High. Woodrow Viseur is the new assistant coach at Eisenhower (Decatur) and he formerly coached basketball at Urbana. Dale Gibbs has resigned as basketball coach at Steelville and has been replaced by Dave Heurman.

Hardin, Pleasant Hill, Carrollton and White Hall will have new football coaches this Fall while only Carrollton of the Illinois Valley retains the same basketball mentor. Dick Hamann will start his ninth year as head basketball coach. Carrollton, Pleasant Hill and Hardin are looking for coaches for the 1957-58 school term while other Illinois Valley member high schools will retain their present coaches.

Billy D. McCarthy is moving up from assistant coach at White Hall to head coach in all sports as Howard Berline is staying as a teacher at the Greene County high school after serving eight years as head football mentor and nine seasons as head basketball coach. Carrollton, Pleasant Hill and Hardin are looking for coaches for the 1957-58 school term while other Illinois Valley member high schools will retain their present coaches.

Sanford, Haddix Hurl Phils To Twin-Bill Win Over Cubs, 1-0, 3-1

PHILADELPHIA (AP)—Rookie Jack Sanford and veteran south-paw Harvey Haddix Thursday night pitched the Philadelphia Phillies to twin-night doubleheader victories—1-0 and 3-1—over the Chicago Cubs and into second place in the National League pennant race.

The Phillies edged past the Milwaukee Braves into second place by one percentage point, 2 games behind the league leading St. Louis Cardinals.

The doubleheader was one of the most exciting of the season for the 25,897 fans at Connie Mack Stadium as they saw bids for no hitters in each game go awry in the late innings.

In the first game, Chicago's Bob Rush led the Phillies without a hit for seven innings only to have shortstop Chico Fernandez spoil things with a single to lead off the Philadelphia eighth. The scoreless game went to the 11th inning before the Phillies string together three singles, the last one a game winning run.

## Boston Scores Twice In 10th To Trip Tigers, 9-7

DETROIT (AP)—The Boston Red Sox scored two runs in the 10th inning, after pitcher Lou Sleater committed two errors on play, and defeated the Detroit Tigers 9-7 Thursday.

Boston led from the first inning of the rain-drenched game until the last of the eighth when Ray Boone homered for Detroit with a man on base and knotted the score at 7-7.

In the top of the 10th Frank Malzone walked and Billy Consolo sacrificed. Stealer kicked the ball in trying to pick it up, allowing Consolo to reach first, then threw low for a second error as Malzone scooted to third. Duke Maas replaced Stealer and re-took one man but pinch hitter Gene Stephens singled past the drawn-in infield for one run and Jimmy Piersall lifted a long sacrifice fly that scored another.

## Chicago Livestock Market Report

### CROP FORECASTS CAUSE LOSSES IN WHEAT, CORN, OATS

CHICAGO (AP) — Live hog prices reached a new high for the current upward movement at \$21.60 Thursday.

Hogs were 25 to 50 cents higher, with most of the advance on eights over 240 pounds. Sixty-five head of No. 1 and 2 215-pound butchers reached the top, the highest price since June 1955. Sows were 25 to mostly 50 cents up, with larger lots of No. 1 to 3 330 to 400-pounders at \$17.25 to \$18.50.

Receipts have been running sea-

sonally light — one of the rea-

sons for the sharp upturns. They totalled 6,500 head Thursday. An-

other factor in the advance is a

big increase of \$1.00 to \$6.00 in

wholesale pork cuts this week.

Slaughter steers were steady to

50 cents higher and heifers strong.

Cows were steady to 25 cents up

and bulls strong. Vealers, stock-

ers and feeders were steady. A

half load of high choice 1,200-

pound fat steers topped at \$26.25.

Salable receipts were 2,000 head.

Spring lambs were mostly 25

cents lower, and were down 50

cents on the extreme top. Slaugh-

ter ewes were fully steady. Choice

and prime spring lambs in small

lots sold at \$23.00 to \$24.00. Sal-

able receipts were 700 head.

## Harold Hunter, Former Resident, Dies At Canton

Harold Hunter of Canton, former resident of this city, died suddenly at two o'clock Thursday morning at his home in Canton, 641 East Elm street, where the family had resided the past two years. The Hunters left Jacksonville several years ago moving first to Havana then operating Hunter Cleaners and continuing the business in Canton.

Mr. Hunter was born in Jacksonville April 11, 1902, the son of William and Anna Millstead Hunter. His father preceded him in death a number of years ago and his mother, Mrs. William Hunter, lives in this city, 929 East College avenue.

He was married to Katharine Wetzel of Jacksonville Dec. 31, 1923 and she survives with the following children, Harold Hunter, Jr. of Montgomery City, Mo.; Mrs. Katharine Ann Black of Decatur and Susan Jane and Lucy Beth Hunter at home. There are also three grandsons and two granddaughters surviving.

A sister preceded Mr. Hunter in death and the following sisters survive, Mrs. Lucille Holler, Jacksonville; Mrs. Margaret Springer of Springfield; Mrs. Anna Lee of Lafayette, Ind. and Mrs. Betty Peters of this city.

Stratton's report to Benson followed Steffey's report that farmers in the 52 counties had been hard hit by repeated and costly floods and that many would need emergency credit to tide them through the next crop season.

He received his education in Jacksonville, graduating from the local high school where he made a name for himself in sports, being an outstanding basketball player and going under the nickname of "Ike."

The body is at the Cody and Son Memorial Home where funeral services will be held at 2:30 p.m. Saturday. Interment will be made in Memorial Lawn Cemetery, south of the city. The family will meet friends at the funeral home from 7:30 to 9 p.m. Friday.

**House Of Lords Ejects Actress Vivien Leigh**

LONDON (AP)—Actress Vivien Leigh was ejected from the House of Lords Thursday night when she interrupted the proceedings by shouting from the gallery.

Miss Leigh stood up during a debate on art.

"My lords," she proclaimed, "I wish to protest against the St. James' Theater being demolished."

The noble peers shot icy glances in Miss Leigh's direction. Very quickly, Sir Brian Horrocks, gentleman usher of the black rod—another name for a sergeant at arms—moved in on the 44-year-old actress and escorted her from the premises.

Her husband, Sir Laurence Olivier, sitting beside her, blushed as the gentleman usher of the black rod did his duty.

Sir Laurence remained wisely silent and stayed in his seat.

Miss Leigh is currently participating in a campaign against the demolition of London's 200-year-old St. James' Theater. A group of businessmen want to tear it down and erect an office building.

**50,000 BABIES LIVES IN DANGER IN IRAN**

TEHRAN (UPI)—More than 5,000 babies in Iran's quake ravaged Caspian Sea regions are "about to die," a Health Ministry spokesman said Thursday.

The spokesman declared the babies either lost their mothers in last week's disastrous tremors, or mothers were unable to feed them.

The government made arrangements to supply babies with powdered milk but the remoteness of the region caused concern about reaching the victims.

**SOVIET HONORS JEWISH DOCTOR**

MOSCOW (UPI)—M.S. Vovsi, one of the Jewish doctors accused in 1953 of plotting to assassinate Soviet leaders and later cleared, Thursday was awarded one of the Soviet Union's highest honors, the Order of Lenin.

The award was given on Vovsi's 60th birthday.

**WALTHER SWIMMING PARTY HELD WEDNESDAY**

CARROLLTON—The members of the Walther League, a youth organization of Our Redeemer Lutheran Church, had a swimming party Wednesday evening at Nichols Park in Jacksonville.

The group was accompanied by Herman Speckhard and Mr. and Mrs. W. P. Jung.

**SPEEDS TO SPEEDING TRIAL**

MIAMI, Fla.—Charles Sash, 32, was charged with speeding Wednesday.

He was hurrying to Municipal Court for a hearing on a speeding charge.

He was fined \$25 for the first violation and will be tried later on Wednesday's charge.

Real name of Melba, the famous opera singer, was Helen Porter Mitchell.

## U.S. Frees British Woman Serving Life Sentence

WASHINGTON (UPI)—After considering what it called extenuating circumstances, the Army Thursday ordered the release from prison of a British woman serving a life sentence for murdering three of her children while abroad with her American soldier husband.

The Army's announcement said

the woman, Mrs. Eunice M. Brillhart of Rochedale, England, also would be deported after she is released July 22, but Joseph M. Swing, immigration commissioner, said deportation proceedings are not contemplated "at this time."

Swing, a retired Army general,

said the Immigration Service will study all aspects of the case before making any decision as to the woman's future status in this country.

He added that when Mrs. Brillhart is discharged from the women's federal reformatory at Alderson, W. Va., she will be at liberty.

Pending a decision on her status, he said, he was prepared to honor any request by her husband, Sgt. R. W. Brillhart, stationed at Ft. Sill, Okla.

She is a sophomore and is secretary of the FHA chapter, and at the conference will be a member of the program and public relations committee.

## Funeral Services

**H. W. McCullah**

GLASGOW — Funeral services for H. W. McCullah, former local resident and son of Mr. and Mrs. Donald Richardson, rural route 2, Jacksonville, have been selected by the local chapter, Future Farmers of America, as a delegate to the 17th annual state leadership conference to be held July 22-26 at East Bay camp, Lake Bloomington.

He is a sophomore and is secretary of the FHA chapter, and at the conference will be a member of the program and public relations committee.

Sgt. Brillhart was not immediately available for comment at Sandia.

The Army's action in remitting the remaining portion of Mrs. Brillhart's life sentence came after a review of the case following a June 10 decision by the Supreme Court declaring military courts cannot try civilians for capital crimes committed overseas.

He added that when Mrs. Brillhart is discharged from the women's federal reformatory at Alderson, W. Va., she will be at liberty.

### Baptist Society Meets In White Hall

**WHITE HALL** — Miss Emma Thuet was hostess at her home on South Main street Tuesday to the members of the Missionary Society of the First Baptist Church with 25 present. Mrs. Edward Weller of Kane, West Central Association President, was guest of honor and gave an interesting report on the house party held recently at Jacksonville.

Mrs. Nancy Ward had devotions using second Kings 5:1-20 as her theme. Mrs. Grover Sparks and Mrs. Harry Chasteen sang the new theme song, "God Who

"Touchest Earth With Beauty," followed by singing of hymns in unison.

Mrs. Jewel Prinny and Mrs. Ethel Rigg assisted Miss Thuet in serving refreshments.

The next meeting will be in the form of a birthday party, based on the "Book of Remembrances" in which all special interest missionaries and others will be recognized.

#### LUTHERAN MINISTER ON VACATION

**CARROLLTON** — The Rev. H. F. Peckman, pastor of the local Our Redeemer Lutheran Church and the members of his family are on a three weeks' vacation.

During the absence of the Rev. Peckman the guest speaker each Sunday at the morning worship service will be a student from Concordia Seminary in St. Louis.

### Appointed As Assistant Principal

**WHITE HALL** — Friends here have received word of the promotion of Virgil M. Staples, former assistant coach of the local high school, to assistant principal of the Minonk Dana Rutland High School for the 1957-58 term.

Mr. Staples and Supt. R. L. Yates were dividing the duties of Charles Warwick, recently resigned. Staples is the son of Mr. and Mrs. W. M. Staples of Rock Island and was graduated from that high school, received his B.S. degree from Murray State College, and his M.A. degree from the University of Alabama.

His wife is the former Mary Jane Burton of Webster Groves, Mo., and the couple have two children. Staples served as assistant coach here during the 1952-53 school terms.

**SCRAM, BUM!**—An angered eland—normally a timid animal—uses his head to chase away a young elephant on one of the wild animal reservations at Albert Park, Belgian Congo. The elephant butted into the elands' area but quickly found out that two can play at the butting game. The moral of the picture might be: Don't butt into other people's business.

### Detassel Corn At Carrollton

CARROLLTON — Despite wet weather which has hampered farmers to such an extent that some have only just completed the sowing of corn and beans, the annual detasseling job at Columbian Seed Corn Company began last week on 6,500 acres of corn in Greene, Jersey and Scott counties. All of the corn on the Columbian Farms is at least knee high and is in as good a condition as normal years due to the recent tilling of all the land which enabled the farmers to plant corn despite the wet season.

This week is expected to be the peak of the detasseling season with approximately 100 employed at Columbian Farms near Eldred, 40 at the farm near East Hardin, 20 near Jerseyville and 30 in Scott county.

The usual number of detasslers is not being employed this year due to a decrease in corn acreage and the use of more machines than in the past.

The Fundamental Orders of Connecticut (1639) was the first written constitution in America.

### ROODHOUSE

ROODHOUSE—Mrs. Bob Cummins, Dundee, Ore., is a guest in the home of her brother, Dick Peters, and family. Mrs. Cummins' son-in-law and daughter, Mr. and Mrs. Don Martin, and two children, Anchorage, Alaska, spent Tuesday in the same home, and are visiting other relatives.

Mr. and Mrs. Gordon Fender, who own and operate the Hilltop coffee shop and motel, have returned home from their home town Jamesport, Mo., where they attended a family reunion. Their hotel, motel and coffee shop were under the management of Frank Hopkins during their absence.

Mrs. Kenneth Jones, who has been a patient at Passavant hospital, Jacksonville, has returned home. Her condition is somewhat improved.

Mr. and Mrs. Larry Gilmore and son, Peoria, who have been spending their vacation with his parents, Mr. and Mrs. Monroe Gilmore, and her parents, Mr. and Mrs. Kenneth Jones, have returned to Peoria.

Mr. and Mrs. Arch Pennoch and Mr. and Mrs. William Overby are on a trip to Colorado Springs, Colo., where they will spend a short time with a friend, W. S. Stimpson, formerly of

Roodhouse; and on to Wyoming where Mr. Overby and the group will visit in the home of his army buddy. They expect to be gone 10 days.

Word has been received here of the death of Mrs. John Farnbach, Alton, which occurred on July 4 from ptomaine poisoning.

Mrs. C. C. Taylor, East St. Louis, is spending several weeks in the home of her daughter, Mrs. Carl McAdams, who is attending summer school at Macomb. Mrs. McAdams is a teacher in the Winchester schools.

NO CAR AT ANY PRICE  
PERFORMS LIKE A PONTIAC... SMALLER CARS AREN'T EVEN IN THE RUNNING!

If it's proof you want, your Pontiac dealer is loaded with it—point-by-point engineering comparisons and on-the-record facts and figures. No smaller car is designed or powered to come close to Pontiac's eye-opening performance... alert, reflex-action response... and its smooth, effortless mastery of every driving demand. Try a demonstration drive—over your own route—in traffic or out on the highway. Put the facts on America's Number One Road Car to a test and you'll leave the little league for good!

WITH 4 TO 7 EXTRA INCHES OF WHEELBASE, PONTIAC OUTCLASSES THE SMALLER CARS IN RIDE AND ROADABILITY!

Pontiac's length is built in—not hung on! Smaller cars extend bumpers and fenders to look big, but Pontiac doesn't need camouflage... it is big! Its man-sized 122-inch wheelbase strides over the bumps instead of riding on them. This extra length, plus a carload of new suspension ideas, results in Pontiac's exclusive Level-Line Ride that no car at any price can surpass! Sample a few miles—and you'll never re-enlist in the small-car army again!

YOUR MONEY ACTUALLY BUYS UP TO 8.9% MORE SOLID CAR PER DOLLAR IN A PONTIAC!

The so-called "low-price" cars fall far short of Pontiac in actual, measurable car—and your Pontiac dealer has official specification comparisons to prove it! No smaller car comes even close to Pontiac's rock-solid construction... from its rugged X-member frame through every inch of its heavy-duty running gear. Pontiac is muscle all the way! This extra heft means Pontiac holds the road like no smaller car you've ever driven... gives you a ride remarkably free of bounce, shake and noise! Put all the facts and figures to your own personal road test. Call your own shots and see how Pontiac's Precision-Touch Controls give you steering, braking and parking ease out of reach of the small jobs!

PONTIAC HAS ALWAYS  
COMMANDED A HIGH TRADE-IN DOLLAR!

When you put your money in a Pontiac you know your investment will be riding high for a long time to come! In fact, over the years, no car has a better reputation for being a top-demand used car. So before you sign on the dotted line for a smaller job at Pontiac's price—get the dollar-stretching good news your Pontiac dealer has waiting for you. Here in the easiest move of your life are the car and the value that will get you out of the small-car class for keeps!

Now! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost!

Best Buys This Week Are Chuck Roast, Poultry

By THE ASSOCIATED PRESS  
Meat prices continue to inch up, but the budget-conscious housewife can still find occasional bargains.

Best buys for the coming week end are undoubtedly chuck roast (with the bone in) and poultry.

Prices of sirloin steak are up a few cents a pound in many parts of the country. Lower in price are rib steaks, currently featured by some Eastern food chains as weekend specials.

Chickens for frying or broiling are up one to four cents a pound in most areas but prices are still comfortably low. Turkeys of all types and sizes are definitely on the bargain list; farmers last month were getting less than 24 cents a pound for the birds, the lowest since 1942. Expectations are that this year's turkey crop will surpass the 1956 record of 77 million by a hefty 5 per cent.

Beef, pork and lamb prices continue to climb. The annual summer rise in beef prices usually gets under way around Aug. 1—this year it started more than a month ahead of schedule. Market specialists say beef prices will keep on moving up until grass fed steers start coming in off the range in September.

Best buys on the produce counter this week include green and yellow squash, potatoes, cucumbers, spinach, carrots, celery and Eastern onions.

Peaches and watermelons from Georgia are abundant and moderately priced.

**DOOR JAM**  
SAN DIEGO (AP)—The mystery of why radio-operated garage doors in the Point Loma section seemed to just fly open several times daily was solved by the federal communications commission.

Vergne Hoke, FCC man, found the doors were being activated by radio signals from navy jet planes coming in for landings. The doors, in turn, were causing interference with the navy's airfield approach system.

**STEADY CUSTOMER**  
DALLAS, Tex. (AP)—H. W. Garner has cut L. O. Braden's hair more than 1,476 times in 41 years. The barber and Braden figured it on the basis of a hair trim every 10 days since 1916.

## NORTONVILLE

NORTONVILLE — Carroll Chaudoin, Darryl Seymour and a friend, Dennis Howard, of Muscatine, Iowa, spent from July 4 through July 7 visiting their parents and friends here. The boys are attending a naval school at Memphis, Tenn.

Mr. and Mrs. Wendell Claussen and daughter, Judee, and a friend, Patsy DeLong, spent the weekend at Fort Leonard Wood, Mo., visiting their son, Jim Claussen, and also Jim Wells, Mike Hart and Jerry Mulquin.

Gene Jeffrey of Carlinville has been visiting his sister and brother-in-law, Mr. and Mrs. Bill Vedder and family.

Mr. and Mrs. Thomas Mulquin spent Sunday night with their daughter and son-in-law, Mr. and Mrs. Merle Evans, near Murphysboro. Mr. and Mrs. Mulquin left Monday for a tour through several states. They plan to spend some time with their son in Memphis.

Miss Lucy Robinson spent from Wednesday, July 3, until Sunday at the home of Mr. and Mrs. Ed Johnson Sr., and family in Smyrna, Tenn.

### NO FAVORITISM

STREATOR, Ill. (AP) — Justice of the Peace John Entwistle didn't bat an eye when he handed down his decision.

He denied his son, Duane, 24, his driver's license when he met him face to face in court. It was the aftermath of a reckless driving charge resulting from an accident.

Getting Teacher's Nanny RURAL, Wis. (AP) — Grace Holman and her goats have outdone the nursery rhyme "Mary had a Little Lamb."

On a recent day, Grace was followed to school by her pet twin goats and a kid.

## Mrs. Lorene Hayes Named Supervisor

Members of the Jacksonville Pilot Club were made proud with the recent announcement that one of the club's charter members, Mrs. Lorene Wright Hayes, was named on June 1st supervisor of nurses at the Fairbury Hospital at Fairbury, Illinois.

Mrs. Hayes is a member of a family dedicated to the nursing profession. Originally from Greene county the Wright family has to its credit four members serving in various capacities in the medical field: Roy A. Wright, who is assistant chief nurse at the Jacksonville State Hospital; Harry L. Wright, anesthetist at St. Charles Hospital in Aurora; Dean F. Wright, anesthetist at Passavant Hospital in this city and Mrs. Hayes.

Mrs. Hayes received her training at Our Saviour's hospital and since her graduation in 1931 has worked in Jacksonville, and Springfield communities. For the past 14 months, prior to going to Fairbury, she was on the staff of Memorial Hospital in Springfield.

The Jacksonville Pilot club regrets losing a valued active member in Mrs. Hayes who is now a member-at-large of Pilot International. Mrs. Hayes has a sister, Mrs. Hazel Rathbun, also of Fairbury, who also is a member-at-large of Pilot.

### OK ON THEATER TOURS

NEW YORK (AP)—A court decision has put back in business travel services which arrange theater-going tours for New York visitors.

The city licensing department, which controls sale of ducats to all Broadway shows, previously said tour agencies could not be okayed. The state supreme court ruled, however, that permits could

be issued if proper controls are set up.

Theater tours have been a booming business for several years.

## Witte Family Reunion July 7 At Nichols Park

ARENZVILLE — The 24th annual reunion of the Witte family was held Sunday, July 7, at Nichols Park, Jacksonville, with a basket dinner. A business meeting was held, and it was decided to have the reunion next year on the first Sunday in July, at Nichols Park. New officers elected were Leland Perbix, president; Mrs. Harold Tomhave, secretary. Special guests at the reunion were Mr. and Mrs. Henry A. Witte, Margaret and Richard of Oshkosh, Wis. Mr. Witte is the son of Henry Witte, a former parochial teacher at St. John's Lutheran school at Beardstown. Others attending were Mr. and Mrs. Paul Davidmeyer; Mr. and Mrs. Harold Tomhave and family; Mrs. Louis Perbix; Mr. and Mrs. Leland Perbix; all of Jacksonville; Mrs. Robert Kroha Sr., Beardstown; Mr. and Mrs. Harold Witte; Mr. and Mrs. Harold Witte; Mr. and Mrs. Roscoe Tritsch and Julius Witte, all of Arenzville.

Afternoon callers were Mrs. Elmer Lovekamp; Mr. and Mrs. Elmer Roegge and Mr. and Mrs. Walter Kleinschmidt, all of Jacksonville.

### BORDER LIVE CASE

MILWAUKEE (AP)—Frank Kerscher of Francis Creek was the victim of a stubborn thief who uprooted several fence posts and stole away in the night with 70 feet of barbed wire laboriously pried from the posts.

### NEW CHAMP

PRINCETON, N. J. (AP)—Bessie, a Brown Swiss cow, has a proclivity for productivity. She is, in fact, the new world record-holder for butterfat production in a single year.

From April, 1956 through April 1957, she manufactured the equivalent of 14,496 quarts of milk and 1,930 pounds of butter. In dairymen's terms that's 31,166.6 pounds of milk and 1,544 pounds of butterfat.

Her record stands for all breeds, reports the dairy department of Rutgers University.

Bessie displaces an Illinois Holstein in the championship stall. The previous record was 1,523 pounds of butterfat.

### TURKEY CROWNED

NEW YORK (AP)—"A Very Special Baby," one of Broadway's quickest boxoffice flops last season, has been picked to appear in the 40th edition of "Best Plays," the annual choice of the theater's 10 outstanding literary efforts. The drama ran only five performances, and its selection is believed to be the first time such a short run has received the honor.

On Leave Here

George Henry Griffith, on a 30 day re-enlistment leave with the Navy, arrived Saturday at the home of his parents, Mr. and Mrs. Claude H. Griffiths at 625 West Lafayette street. His re-enlistment is for a six year period aboard the U. S. Tolerana with the Seventh Fleet.

The youth has spent the past two years in the Orient making stops at China, Okinawa, Hong Kong, Japan and at Formosa where he met Chiang Kai-shek when he came aboard ship.

Upon his return to base in August, at Long Beach, California, he will leave for Australia, New Zealand and points in the Orient, again including Japan and China. He has been assigned to the service department while aboard ship the past two years. He plans to make the Navy branch of service a military career.

**CONFEDERATE SUH!**

ROANOKE, VA. (AP)—The First Federal Savings and Loan Association says one of its advertisements shouldn't be taken too literally. A billboard ad shows a man dropping Confederate bills into the association's saving account books. It doesn't accept Confederate money, but the Secret Service said it couldn't allow U. S. bills to appear on the sign.
